"Thank you for all of your support . We are especially appreciative of your generous contributions to our event. The night would not have been a success without you..."

Johns Hopkins University, National Student Partnerships

"I want you to know the heartfelt and sincere gratitude I have for you. I also want to thank you for once again answering the call of service as you do time and time again for your community! Thanks again for coming through and all you do for the City of Baltimore!"

Former Mayor of the City of Baltimore

"In addition to being an entrepreneur and businessman, Terence is a humanitarian and a mentor who is compassionate, kindhearted and responsive to the needs of the community. He provides opportunities for at risk youth residing within Baltimore City as well as local high school interns and youth in need of work experience following release from the juvenile justice system. Terence readily embraces and encourages ex-offenders by giving them hope as they re-connect and function back into the main stream of society and employment."
